

Download Philosophy After Objectivity Making Sense In Perspective

Philosophers have traditionally sought objective knowledge: knowledge of things whose existence does not depend on one's conceiving of them. Philosophy After Objectivity uses lessons from debates over objective knowledge to characterize the kinds of reasons pertinent to philosophical and otherIts lessons about reasons and explanation affect all areas of theoretical philosophy, and challenge common philosophical assumptions about objectivity, realism, and physicalism. The book explains how various perennial disputes in philosophy rest not on genuine disagreement, but on conceptual diversity.Philosophy after Objectivity: Making Sense in Perspective by Paul K. Moser (1999-10-07) | Paul K.
