Read honest and unbiased product reviews from our users. Retirement planning isn't the precise science you would like it to be... Surprisingly, most people don't "get" how the process works. Several myths have earned conventional wisdom status despite being wrong. For example, if you retire at 65, a 30-year retirement is quite possible. But even if you save \$1 million for your retirement, you have to make sure to budget it out so it lasts.
