Contemporary Metaphilosophy. What is philosophy? What is philosophy for? How should philosophy be done? These are metaphilosophical questions, metaphilosophy being the study of the nature of philosophy. The future of Europe and the role it will play in the 21st century are among the most important political questions of our time. The optimism of a decade ago has now faded but the stakes are higher than ever. Over the past 25 years, Jürgen Habermas has presented what is arguably the most coherent and wide-ranging defence of the project of European unification and of parallel developments towards a politically integrated world society.
