It is absolutely not a mockery. Putin is Poutine in French. A little hint of linguistic will tell you languages often use what is called “transliterations” for reasons related to the alphabet in each language. The best opinions, comments and analysis from The Telegraph. Failed state – suomeksi “romahtanut valtio” tai “romahtanut tila” – on termi, jota toistellaan Somalian kohdalla koskaan miettimättä miksi näin kävi 1970-luvun alussa vielä rauhalliselle ja nopeasti vaurastuvalle maalle. Keep in mind that the real distance the Russian armed forces can “reach” is not primarily determined by distance, but much more by terrain and the possible defenses encountered in this zone.
