Red Bull Racing F1 Car - Owner's Workshop Manual Just a caveat, although Haynes publishes excellent workshop manuals that offer a complete teardown of the vehicle with maintenance procedures, this book is more like the Red Bull Racing Teams RB7 Hayne's pamphlet. Haynes' "Red Bull Racing F1 Car Owners' Workshop Manual" is somewhat misleadingly titled, partly because most readers of the book are not likely to actually own a Red Bull Racing F1 car and partly because there are certain things that a Formula One team just isn't going to reveal about its vehicle.
