National Institutes of Health OSC: The Common Fund National Institutes of Health OSC: The Common Fund National Institutes of Health Office of Strategic Coordination ... Whether consumers will accept genome editing remains to be seen. No one, however, is likely to object to a second rapidly developing method of crop improvement: a souped-up breeding technique ... The innovation life cycle resembles the technology S-curve, as suggested by Christensen (1992). At the beginning of the curve, a new innovation is planted and the required resources are committed.
