

Download Regional Energy Initiatives

The Regional Initiatives (RIs), launched by the European Regulators Group for Electricity and Gas (ERGEG) in 2006, aimed at bringing together national regulatory authorities (NRAs), transmission system operators (TSOs) and other stakeholders in a voluntary process to advance integration at the regional level as a step towards the creation of a well-functioning Internal Energy Market (IEM). This book focuses on the two intra-regional initiatives created for the development and integration of energy markets: the Energy Community and MedReg. This book focuses on the two intra-regional initiatives created for the development and integration of energy markets: the Energy Community and MedReg. The Energy Community and MedReg, apart from their common strategic role in providing a much-needed stable regulatory environment for energy markets This book focuses on the two intra-regional initiatives created for the development and integration of energy markets: the Energy Community and MedReg.
