Die RMS Lusitania war ein Passagierschiff der britischen Reederei Cunard Line. Das nach der römischen Provinz Lusitania benannte Schiff wurde ab 1907 im Transatlantikverkehr zwischen Liverpool und New York City eingesetzt und war bis zur Indienststellung des Schwesterschiffs Mauretania das größte Schiff der Welt. The RMS Queen Elizabeth was an ocean liner operated by Cunard Line. With Queen Mary she provided weekly luxury liner service between Southampton in the United Kingdom and New York City in the United States, via Cherbourg in France. We have supplied many model ships to nautical museums, shipping operators, ship builders, marine engineers, business executives. The sinking of the Cunard ocean liner RMS Lusitania occurred on Friday, 7 May 1915 during the First World War, as Germany waged submarine warfare against the United Kingdom which had implemented a naval blockade of Germany.
