Israel: The Handwriting on the World was completed at the end of 2013, coming in at 270 pages. This book incorporates discoveries of Signs of the End with new data and conclusions. This timeline of events preceding World War II covers the events of the interwar period (1918–1939) after World War I that affected or led to World War II. The end time (also called end times, end of time, end of days, last days, final days, or eschaton) is a future time-period described variously in the eschatologies of several world religions (both Abrahamic and non-Abrahamic), which teach that world events will reach a final climax. In this book the author confirms that all people claim they follow the right religion but who is really right He assumes we are all wrong and tries to start neutrally to the answer at the end of the book.
