

Download Silent Music A Story Of Baghdad

Am I the only one confused by the title of this book and the actual book itself? Title is McCoy's Marines: Darkside to Baghdad. This is not a story about the marines, it's a story about a reporter (John Koopman) who was along for the ride with the marines. The Thief of Bagdad is a 1924 American silent swashbuckler film directed by Raoul Walsh and starring Douglas Fairbanks, and written by Achmed Abdullah and Lotta Woods. This is one of the greatest spectacular silent films of all-time, up there with Metropolis, Ben-Hur, The Ten Commandments, and Intolerance. The restoration on this new Cohen Film Collection edition is stunning, rivaling anything put out by Criterion, and the music by Carl Davis is easily the best score ever created for this masterpiece.
