Velocity in math is similar to speed, with only one difference. Learn what that difference is, how to write velocity, and how to calculate velocity problems. 2015-12-19 If you want to learn how to put a stop to the dreaded Summer Math Loss and send your child back to school in September feeling like a math super-hero then watch this free video training. The timeworn and pedestrian answer is simply "to get to the other side." Here are some creative and original answers: The chicken crossed the road. I'm a 4th year high school math teacher. And, if you asked my students, they would tell you that I am weird. (Seriously, somewhere in the world of facebook, there is a photo of me floating around that has the caption "This is my weird teacher.")
