The Statistics Portal. Statistics and Studies from more than 22,500 Sources Social science is a category of academic disciplines, concerned with society and the relationships among individuals within a society. Social science as a whole has many branches. Multiculturalism is seen by its supporters as a fairer system that allows people to truly express who they are within a society, that is more tolerant and that adapts better to social issues. They argue that culture is not one definable thing based on one race or religion, but rather the result of multiple factors that change as the world changes. All OpenStax textbooks undergo a rigorous review process. However, like any professional-grade textbook, errors sometimes occur. The good part is, since our books are web-based, we can make updates periodically.
