Mr Kane mentions in the Afterword how deeply the story of Spartacus touched him. It's an enduring legend because anyone can relate to the courage of one man against impossible odds. His legend has also endured due to the fine work of writers like Howard Fast and Ben Kane. I read somewhere the best writers don't write in ink, they write with blood. There's so much heart in these books, I can see Mr Kane's devotion to the legend on every page. Spartacus was an incredible human being and his story is accurately and vividly brought to life through Ben Kane's works. I very highly recommend this series to anyone who is interested in a great historical adventure that is hard to put down. I look forward to reading Ben Kane's other works as well.
