What a great debut novel by Samantha Durante! Stitch was nothing what I expected. I purposely stayed away from the reviews and blurbs because I wanted to experience this novel from a fresh perspective. Stitch (Stitch Trilogy, Book 1) Her heart races, her muscles coil, and every impulse in Alessa's body screams at her to run... but yet she's powerless to move. The opening installment in a twist-laden trilogy, Stitch spans the genres of paranormal romance and dystopian sci-fi to explore the challenges of a society in transition, where morality, vision, and pragmatism collide leaving the average citizen to suffer the results. There's a surprise inside! Stitch, Book 1 in the Stitch Trilogy, begins life as a good ghost story. Alessa Khole, a freshman at Eastern State University, is living in an old house that is the Zeta Epsilon Pi sorority house.
