

Download Straight White Male John Niven

John Niven (born 1968) is a Scottish author and screenwriter. His books include *Kill Your Friends*, *The Amateurs*, and *The Second Coming*. I'm a big fan of John Niven and pick up all of his novels within days of release, generally devouring them in days. Sadly, I felt *No Good Deed* was incredibly slow moving until the last quarter or so, and the usually reliable vulgarity was even found wanting.

Jesse White (born Jonah Marcus Weidenfeld, [citation needed] January 3, 1917 – January 9, 1997) was an American character actor and voice actor. John-117 wears his armor for the first time. "I think that if anything good can be said to have come from all of this, it's that everyone who went through it can know that their struggle wasn't for nothing."
