The Lizard (Curtis "Curt" Connors) is a fictional character, a supervillain appearing in American comic books published by Marvel Comics. The character is usually depicted as an enemy of Spider-Man. The HUDOC database provides access to the case-law of the Court (Grand Chamber, Chamber and Committee judgments and decisions, communicated cases, advisory opinions and legal summaries from the Case-Law Information Note), the European Commission of Human Rights (decisions and reports) and the Committee of Ministers (resolutions). I liked the book's principles, the organization, and the language of the text. I would have liked to hear more differentiation with the examples across organization types.
