"The black thangka shown above depicts three Transcendental Cosmic Buddhas in a row, seated on exquisitely decorated thrones. Two Adepts are standing with folded hands, below their thrones. Hier sollte eine Beschreibung angezeigt werden, diese Seite lässt dies jedoch nicht zu. Philosophiae Naturalis Principia Artes Magicis (Latin for "Natural Philosophy Principles of the Magical Arts") by Isaac Newton; Unlike Newton's well-known works in other fields, this book - setting out the basic principles of magic - was never made available to the general public, and its very existence was kept secret. Although intangible characters will pass right through walls, chairs, tables and such, he rarely has any problem properly interacting with floors, stairs or any other structures people are meant to walk upon.
