Eric Verzuh: Leading Authority on Practical Project Management. Read the most popular handbook focused on project management. The Fast Forward MBA in Project Management has been a top seller at Amazon.com for over fifteen years! Terms & Conditions The downloadable forms on this website are a part of the Fast Forward MBA in Project Management., published by John Wiley & Sons. In last week's class, we discussed how some projects are unbelievable success and others are utter and complete failures. Eric Verzuh in his book The Fast Forward MBA in Project Management highlights how project management skills are learned more often than they are hardwired into our brains. Milestones are tools used in project management to mark specific points along a project timeline. These points may signal anchors such as a project start and end date, a need for external review or input and budget checks, among others.
