

# Download The Information A History Theory Flood James Gleick Pdf

James Gleick (/ ʒ li? k /; born August 1, 1954) is an American author and historian of science whose work has chronicled the cultural impact of modern technology. Information theory studies the quantification, storage, and communication of information. It was originally proposed by Claude E. Shannon in 1948 to find fundamental limits on signal processing and communication operations such as data compression, in a landmark paper entitled "A Mathematical Theory of Communication".?Citing and more! Add citations directly into your paper, Check for unintentional plagiarism and check for writing mistakes.L'information est un concept des sciences de la communication. Au sens étymologique, l'information est ce qui donne une forme à l'esprit [1]. Elle vient du verbe latin informare, qui signifie « donner forme à » ou « se former une idée de ».
