The Invention of Tradition, Cambridge University Press 1983. In his chapter "Invention of Tradition: The Highland Tradition of Scotland", he details for the reader where the supposedly "ancient" costume of Scotland came from. The kilt was invented by an English Quaker about 1726 to allow his Highland workmen to more easily move while smelting the iron ore he was extracting. The kilt was thus an expression of the Industrial Revolution rather than an ancient freedom of the heather. I. Hobsbawm, E. J. 111. Series 303.3'72 HM201 2. Folklore - History 11.
