This set of webpages (what's a set of webpages? a webchapter?) is intended for anyone who wants to create artificial languages— for a fantasy or an alien world, as a hobby, as an interlanguage. Mark Rosenfelder has done it again with an outstanding book that covers all manner of possible topics that may arise from the daunting prospect of trying to create your very own language. The Planet Construction Kit [Mark Rosenfelder] on Amazon.com. *FREE* shipping on qualifying offers. A companion volume to the Language Construction Kit, this book explains everything you need to know about creating your own world with its own geology. Real linguists and their notation. Language textbooks often describe sounds by comparison with English, offering recipes for producing unusual sounds.
