

Download The Mismeasure Of Man Stephen Jay Gould

Gould is a terrific writer when on the right subjects, neatly and concisely laying out in a series of essays originally written as magazine columns some interesting trivia. The Mismeasure of Man is a 1981 book by paleontologist Stephen Jay Gould. The book is both a history and critique of the statistical methods and cultural motivations underlying biological determinism, the belief that "the social and economic differences between human groups—primarily races, classes, and sexes—arise from inherited, inborn ... Stephen Jay Gould (* 10. September 1941 in New York; † 20. Mai 2002 ebenda) war ein US-amerikanischer Paläontologe, Geologe und Evolutionsbiologe. Stephen Jay Gould (/ ˈ ʊ ː l d /; September 10, 1941 – May 20, 2002) was an American paleontologist, evolutionary biologist, and historian of science.
