Pastor Rossing's "The Rapture Exposed," is a book all Christians should read. It exposed the truth behind the Rapture and those who use it to mislead Christians. This is the second copy I have purchased over the years. The first one I have given to another to come to know the truth behind the Book of Daniel and Revelation. Barbara R. Rossing sets off to tell us the message of hope in the book of Revelation, but ends up giving us mostly a critique of Left Behind. Not that critiquing Left Behind is all that bad, I just would have preferred more interpretation of the actual book of Revelation. Still what she had to say was worthy of being said. In The Rapture Exposed, Barbara Rossing argues that this script for the world's future is nothing more than a disingenuous distortion of the Bible. The truth, Rossing argues, is that Revelation offers a vision of God's healing love for the world. The Rapture Exposed reclaims Christianity from fundamentalists' destructive reading of the biblical story and back into God's beloved community.
