Spokeo is a people search engine that organizes white pages listings, public records and social network information into simple profiles to help you safely find and learn about people. John and I work across a number of industries and we're often invited along to open days and eagerly attend, expecting to find something new and exciting to discover and report back on. Spokeo searches thousands of sources across 12 billion public records to look up the most recent owner of that number, whether it's a landline or cell phone number, the location, and even the carrier if available. In this section, U.K. grid references are linked to the Ordnance Survey Get-a-map site, references to maps from the 1890s mean historical Ordnance Survey maps found at [old-maps.co.uk](http://old-maps.co.uk), and the word map in parentheses is linked to Google Maps (the U.K. version for places in England, otherwise the U.S. version).
