I have, at various times, tried to read four different editions of War & Peace (Penguin, Signet, Barnes & Noble, and now this) and by far, this is the best edition I've seen. Count Leo Tolstoy (1828-1910) was born in central Russia. After serving in the Crimean War, he retired to his estate and devoted himself to writing, farming, and raising his large family. War is a state of armed conflict between states, governments, societies and informal paramilitary groups, such as mercenaries, insurgents and militias. Fallen.io, a short animated data-driven documentary about war and peace, explores the harrowing statistics of World War II and sizes up its numbers to other wars in history, including recent conflicts.
