

Download When We Were On Fire A Memoir Of Consuming Faith Tangled Love And Starting Over Addie Zierman

Praise for When We Were on Fire "With its luminous prose, Zierman's memoir reads like a novel, threaded with imperfect faith, doubt, deep searching, love and friendship and loss and depression...A book to savor to the very last page." –Publisher's Weekly (starred review) Addie, I wish we could sit down for some coffee and talk. I cried and cried and cried and cried at the end of your book. I've been in such transition in my life and you put into words what I couldn't.
