William Ivory combined Women in Love with Lawrence's earlier novel, The Rainbow (1915), in his two-part BBC Four television adaptation titled, Women in Love (first transmitted 24 and 31 March 2011), directed by Miranda Bowen. Women In Love is one of the most beautifully written books I have ever read. The author's mastery of the English language is evident on every page. instinct I found this book extremely interesting. Descriptions of the feelings of protagonists are very emotive. The vantage points of the four protagonists are surprising in a way. The Women in Love study guide contains a biography of D.H. Lawrence, literature essays, quiz questions, major themes, characters, and a full summary and analysis.
