

Download Word Vba Delete Bookmark Text Pdf

It works? You mean setting `Font.ColorIndex = RGB(68, 114, 196)` sets the color to `RGB(64, 114, 196)`? Or merely that it doesn't crash? Because given the nature of the `WdColorIndex` enum, I very much doubt that assigning it to a `RGB` value will give you the color you're giving it. I need to merge 5 PDF documents into one. I am using Adobe Acrobat Pro 9. Can someone please help me with the code that will merge the 5 documents below. Web (Internet) resources for Microsoft Word users from Frequently Asked Questions about Word compiled from the Microsoft Word newsgroups. By learning to hide text when a Word form's checkbox is checked, you can let form users control large amounts of content in a document with a single click.
