

# Download Worksheet 4 1 Roughly Graphing Polynomials

Trigonometric Function. Graphing a trigonometric function is actually pretty easy if you know what numbers to look at. Recall that a trigonometric function ('trig function') is simply a ...Scientific notation can help us write really big numbers in a convenient format. Here, we'll see how to write one trillion in scientific notation. Living and teaching in a small town also means working in a small school! We serve roughly 175 students in the 9th-12th grade. We have two teachers for each core subject (math, English, science, and history) and one teacher for each elective (computers, agriculture, family and consumer sciences). Interpolation means finding values in between known points. This tutorial shows how to set up this calculation in Excel.
